

Pacific Oil Seals as a sealing specialist emerged into the market in 1996 with the aim to provide professional sealing solutions to the industry sealing complications. The company's vision of developing into a one-stop sealing solution provider leads to wide range storage of sealing goods in the inventory at any one time. "A Right Seal Anytime" is the company motto aiming to supply the best quality of service to any engineering sealing difficulties.

In order to further enhance our service to customers, Pacific Oil Seals are pleased to announce the partnership with Seal Maker of Austria. With this latest investment in CNC machine system, we are able to provide service to any urgent sealing difficulties. This flexible and innovative system is able to produce customize seal profiles and dimensions with your choice of material selection from the list.

- No minimum order quantity
- No initial start-up charge
- Quick delivery
- Professional advice service
- Available Range From 1.5mm – 1800mm

As a result of hard work, we are proud to announce that Pacific Oil Seals has been awarded with the 10th Asia Pacific Honesty Enterprise Keris Award. This reputable award speaks for our honesty when dealing with both of our customers and suppliers.
